

# The Washington State Patrol Presents VIN Identification Basics 2023

The Washington State Patrol will be hosting Vehicle Identification (VIN) Basics Training from May 8-12, 2023. This class includes the basics and more in-depth training of VIN identification essential for anyone who is more likely to encounter altered VINs, stolen, cloned and VIN switched vehicles or vehicles missing VINs.

**NOTE:** This class is required for new VIN Officers.

This training will provide a complete understanding of how to identify a vehicle using all of the unique identifiers applied during manufacturing. This training class, which is a total of 32 hours, will discuss abandoned vehicles, obliterated identifiers, chemical number restoration, and basic and advanced identification techniques. This training will also include hands on instruction in vehicle identification.
